

# Disabling Pop-up Blockers In Mozilla Firefox

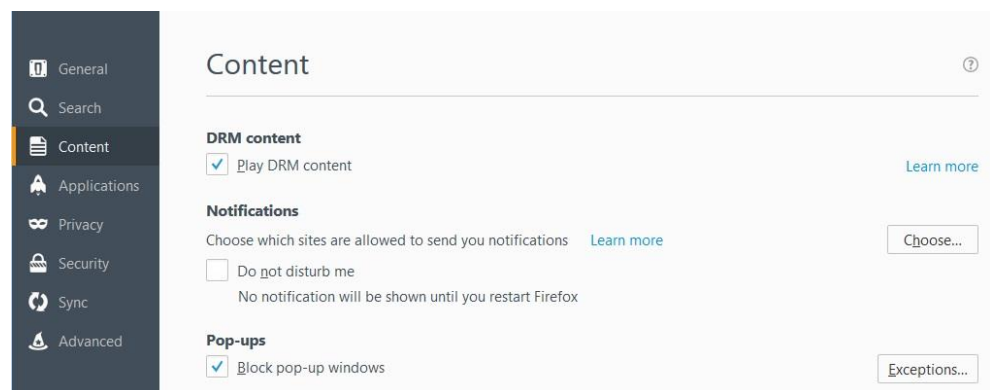

1. In order to disable pop-up blockers in Firefox, Firefox must be open.
  - 1.1. Click on the **Open Menu** icon in the upper right-hand corner of the window and it will display a menu.

- 1.1.1. Click on **Options** in this menu and it will open Firefox **Options** in a new tab.

- 1.1.1.1. On the left side of this **Options** page, click on the link that says **Content**.

- 1.1.1.2. This will display content settings, one of which is labeled **Pop-ups**.

- 1.1.1.2.1. Uncheck the block pop-up windows option to disable the blocker.
