

ZOOM Guide

Downloading Zoom on an Android Smartphone or Tablet

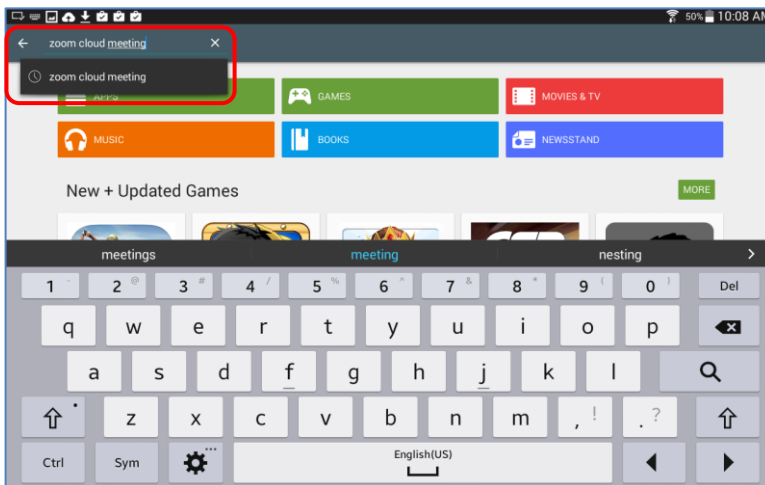

1. Go to the Google Play store
2. Search for “Zoom Cloud Meetings”
3. Install
4. Zoom appears on the home screen
5. Sign in with SSO

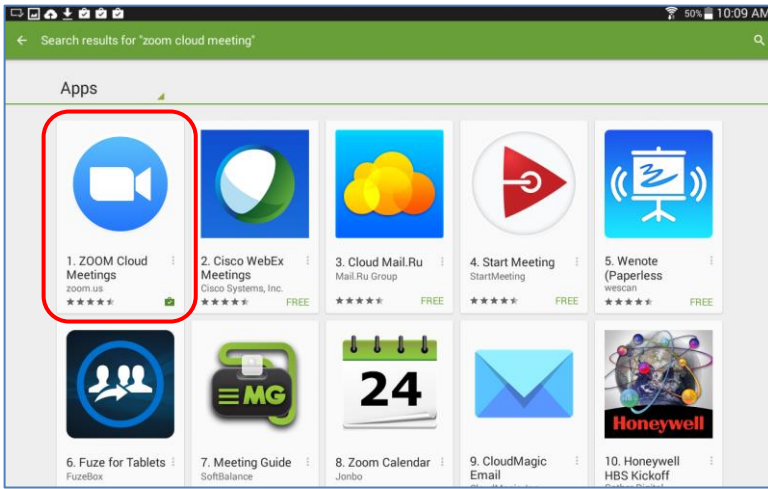

Walkthrough

(1) Go to the Play Store

(2) Search for “Zoom Cloud Meetings”

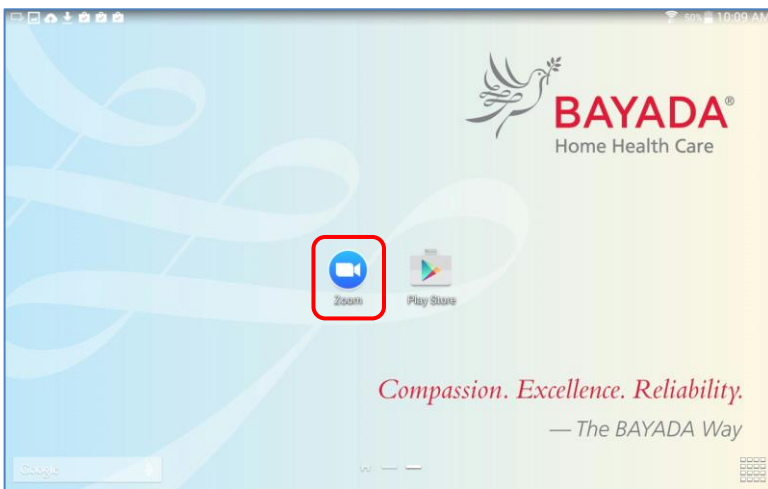

(3) Install

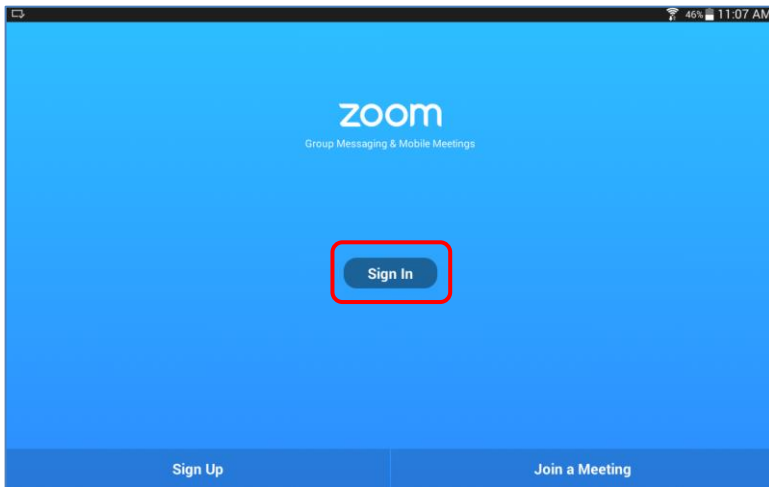

(4) Zoom appears on the Home Screen. Click on it.

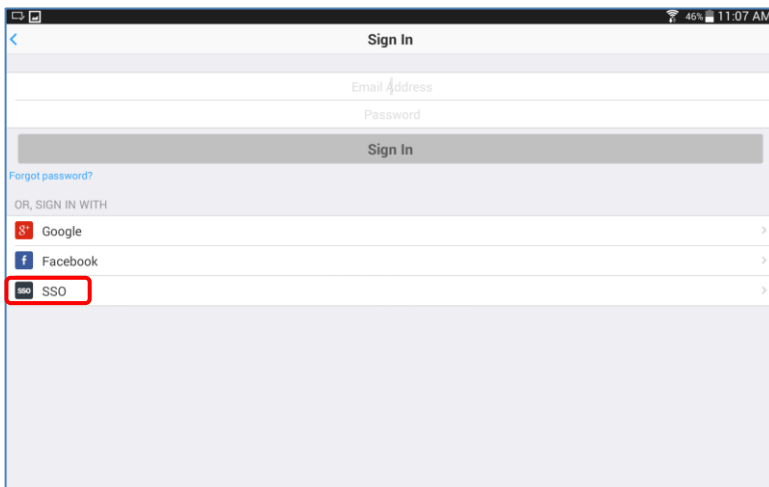

(5) Sign in with SSO

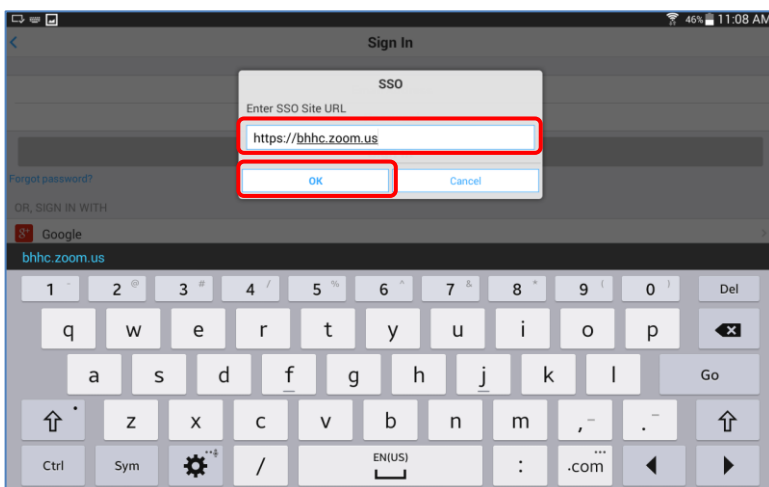

First, tap Sign In:

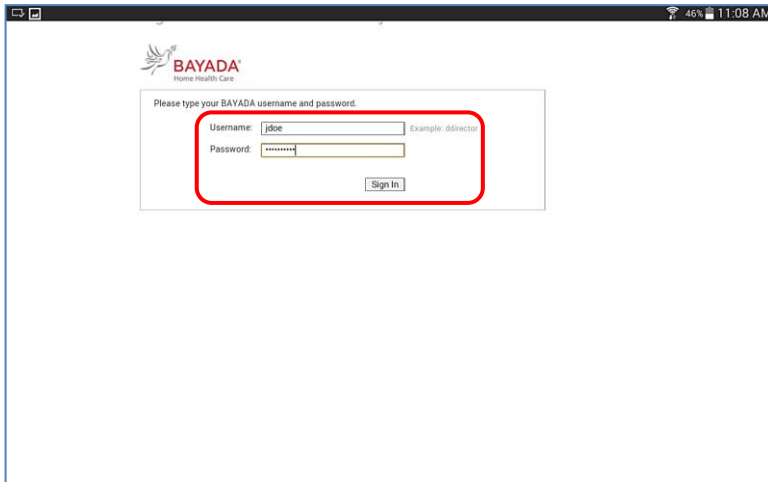

Then tap the SSO Button:

Then enter "bhhc.zoom.us" and hit OK:

Enter your BAYADA username (first initial, last name i.e. “jdoe”) and password:

The screenshot shows the BAYADA Home Health Care login interface. At the top left is the BAYADA logo. Below it, a text prompt reads "Please type your BAYADA username and password." A red rectangular box highlights the login form, which contains two input fields: "Username" with the text "jdoe" and a placeholder "Example: director", and "Password" with masked characters. A "Sign In" button is located below the password field. The top status bar shows a battery level of 46% and the time 11:08 AM.

You are now signed in to Zoom:
